Double Knock-out - 2

As long as they are guaranteed 3 games - 5

It was mentioned if it is a double knockout then cross over games will need to happen. Erin is already well aware of this from last year.

Trivia Night

Each team will need to donate 3 prizes for the penny table.

Chris looked into using Community Living as our non-profit for licencing. We don't need a licence, we just need a poster that states a percentage of our earnings are going to Community Living Guelph Wellington. This will be enough for us to have a 50/50 draw and the penny table.

All teams were good with using Community Living as our Charity sponsor. We can decide on a percentage to donate later.

Britt will get flyer designed and send out to all team reps.

Player Sub List

All Teams were good with this. Send Britt any names who would like to be added to this list.

At tournament time, the Executive will need to discuss if these players will be able to play in the tournament.

Kitchener League

Britt has been in contact with the Kitchener League and discussed organizing a tournament for next year. Not enough time to get it organized for this season. Both leagues would work together to run the tournament so it is just a matter of talking and seeing what works. She also discussed possibly having crossover games in the future so we can play different teams. Britt is going to get Michelle's schedule to see a game or two, just to compare with our league.
